## DESCRIPTION

---

This is a deep, sacred incense blend:

- ? **Bergamot** — Opens with bright, uplifting citrus that clears the mind and adds a fresh, sparkling lift.
- ? **Cinnamon** — Brings warm, sweet spice that adds comforting depth and subtle heat.
- ? **Cannabis** — Contributes a green, herbal earthiness for authentic incense character.
- ? **Geranium** — Adds soft floral balance with rosy-green notes that bridge the top and heart.
- ? **Lilies** — Infuses delicate, pure floral elegance for a refined, temple-like air.
- ? **Rose** — Layers in romantic, velvety floral heart that softens and elevates the blend.
- ? **Patchouli** — Grounds everything with rich, earthy, woody depth and classic hippie-incense soul.
- ? **Sandalwood** — Provides creamy, meditative woodiness that purifies and lingers long.
- ? **Musk** — Anchors with warm, sensual base notes for emotional closeness and staying power.

Patchouli and sandalwood ground and purify, while rose and lilies add floral romance, creating a meditative, emotionally uplifting temple-like calm — perfect for meditation, yoga, or creating a sacred, serene atmosphere.
