

Velvet Moon - Sensual Moonlit Bloom Candle

DESCRIPTION

A luxurious evening fragrance that balances bright citrus with lush florals and deep, earthy woods for a sensual, mysterious mood.

Blend:

- ? **Bergamot** — Opens with a fresh, sparkling citrus brightness that lifts the mood and adds a luminous, effervescent touch.
- ? **Orange** — Layers in sweet, juicy warmth that enhances the citrus sparkle with gentle, sun-kissed optimism.
- ? **Rose Petals** — Brings velvety, romantic floral depth — soft, dewy, and deeply sensual.
- ? **Jasmine** — Adds rich, intoxicating floral sweetness that feels luxurious and dreamlike.
- ? **Patchouli** — Grounds the composition with dark, earthy richness and a hint of smoky mystery.
- ? **Musk** — Provides a warm, skin-like animalic base that lingers sensually and intimately.

The candle delivers a sparkling, invigorating opening of bergamot and orange that brightens the evening air with subtle energy, while rose petals and jasmine unfold in lush, romantic floral waves that awaken desire and tenderness. Patchouli and musk weave in deep, grounding earthiness and velvety warmth that feels protective yet powerfully seductive — together creating an aura of moonlit enchantment, quiet passion, and mysterious calm. Perfect for late-night unwinding, intimate moments, romantic evenings, or anytime you want to feel wrapped in luxurious sensuality, gentle mystery, and soft nocturnal glow.
